

## **CFS Brands Rolls Out Redesigned Commercial Grade Bronco Containers**

**OKLAHOMA CITY, Okla., May 10, 2022** – CFS Brands - Sparta lifted the gates on its redesigned Bronco containers. As one of the cleanest containers on the market, Bronco is a superior solution for commercial establishments that use color-coded, lidded containers for food storage or sanitation.

Designed to outperform other storage and waste containers, these heavy-duty round cans are constructed of durable plastic with reinforced drag skids for maximum longevity. They are NSF Standard 2 and 21 certified, and available in 11 colors in sizes ranging from 10- to 55-gallons. Their smooth walls are ideal for food contact and cleanability.

From top to bottom, these containers have been redesigned for efficiency and ease of use. Innovative, comfortable handles prevent containers from vacuum sealing when stacked, molded-in notches securely attach the can to a wheeled dolly (20+ gallon cans), and ergonomic molded hand-holds on the base make lifting and disposing a breeze. Snap-on lids are also available in all colors and sizes.

“Like their namesake, Broncos are virtually unbreakable, and built to outlast the competition,” states Philip Zorn, Product Manager, Cleaning Tools at CFS Brands. “They provide unrivaled performance and long-lasting reliability.”

CFS Brands – Designing Value. Delivering Success.
