

## **Simple & Sanitary Dispensing: Introducing the new EZ-Fit® Hot Lid Dispenser from CFS Brands**

*ELKHORN, WI., August 24, 2021* – CFS Brands - San Jamar announced the new EZ-Fit® hot lid dispenser – a more sanitary way for customers to retrieve lids without spreading germs.

The EZ-Fit hot lid dispenser offers one-at-a-time dispensing to safeguard lids from contamination and reduce unnecessary waste for quick-service restaurants, convenience stores, and cafeterias.

*“With new Covid regulations, lids stacked on countertops no longer meet today’s sanitation protocols,”* said G. David Muldowney, Product Manager for Food Preparation. *“Customers want to see sanitation at every level.”*

The EZ-Fit hot lid dispenser’s in-counter installation promotes a visibly tidier beverage station and creates more counter space for customers tending to their hot drinks. Additionally, its four interchangeable rubber gaskets fit a variety of lid shapes and sizes. Easy to use and simple to operate, the EZ-Fit hot lid dispenser is your set it and forget it solution.

Learn more about the EZ-Fit hot lid dispenser and our other dispensing line for cups, cold lids, and associated solutions.
